

NOISE ACADEMY

DJ/MUSIC PRODUCTION LESSONS ARE COMING TO YOUR SCHOOL WITH NOISE ACADEMY

You'll learn...

- How to mix tracks together in creative, exciting ways
- How to create epic build-ups and drops
- About song structure and arrangement
- About elements of electronic music – the sounds, instruments and layers
- How to create your own electronic music
- About different genres from House, Techno, and Disco to Drum & Bass, Dubstep, Grime and Rap. Discover which genre fits you!
- How to build your artist profile and start your DJ career!

Benefits

- You can take GCSE Music with DJ-ing as your instrument
- You'll discover amazing new music and always be ahead of the curve
- Gain the confidence to perform epic sets in front of your friends
- Discover your own creativity and produce the next big hits!

- Lessons once a week
- 30-minute paired sessions
- £15 per student - We require a minimum booking of 12 weeks per student (or a full school term)
