Staying safe online

Sexting is a term used to describe the sharing of intimate images or videos with another person. This content can be anything from texts, partial nudity right up to sexual images or video. Very often it is between partners, but can be between groups and can use a whole range of devices, technologies and online spaces. The most common ones are by text, private message on social networks or apps such as Kik, Oovoo, or Instagram.

Cyberbullying is bullying that takes place over **digital devices** like cell phones, computers, and tablets. Cyberbullying can occur through SMS, Text, and apps, or online in social media, forums, or gaming where people can view, participate in, or share content. Cyberbullying includes sending, posting, or sharing negative, harmful, false, or mean content about someone else.
