

The Ramsey Runway 10 RR10

RR1 Success & Excellence 	Teachers will share and model success criteria. They will use knowledge of student attainment to plan for progress and challenge.	Students will be clear on how to make progress, and will take the steps needed to fly!
RR2 Ready for Reading 	Teachers will engage students in written texts, both at an academic and personal level. They will help students to work towards reading fluency.	Students will be aware of how to develop their reading, from decoding to comprehending.
RR3 Retrieval Practice 	Teachers will guide students to take responsibility inside and outside the classroom, to embed learning into their long-term memory.	Students will remember the knowledge and skills needed, through retrieving, revising and revisiting their prior learning.
RR4 Learning to Learn 	Teachers will encourage students to plan, monitor and evaluate their learning, teaching them how to learn.	Students will participate in both group and independent planning, learning and evaluating activities. They will be encouraged to be proactive, and ready for a challenge!
RR5 Questioning 	Teachers will use a wide variety of questioning techniques in class, such as cold-calling, and differentiated questions.	Students will aim to answer all questions they are given, and will deepen their knowledge and understanding.
RR6 Engagement 	Teachers will plan interesting, engaging, and creative tasks.	Students will actively participate and engage in lessons, making the most of all opportunities given.
RR7 Creating Confidence for Assessment 	Teachers will give students regular opportunities to demonstrate their knowledge and understanding. They will be given feedback on how to make progress.	Students will act on feedback given, and will make the progress needed to reach their destination!
RR8 All Inclusive Learning 	Teachers will plan lessons where all students can be challenged and succeed. They will break learning down into manageable chunks, where needed.	Students will challenge themselves, and demonstrate resilience.
RR9 Flying Solo 	Teachers will plan and set independent and enriching homework tasks.	Students will work hard on homework, which will provoke intellectual curiosity, or consolidate their prior knowledge.
RR10 Celebrating Personal Journeys 	Teachers will celebrate and award student successes, both in and out of the classroom.	Students will try their best at every aspect of school life, and be proud of their achievements.

'Achieving Excellence Together'
