Student Interviews:

Ewan in Year 9 said,

"We played well in the first half but overall we didn't play up to standards, it was unusual to lose to Sevilla with such a good reputation. Also, the rest of the team let the midfield down, that is why we couldn't attack. We played well but not as good as we could have."

Will in Year 9 said,

"We played poorly at home, we shouldn't have conceded and we should have won, considering that, in my opinion, we are the harder side to play against. The starting squad (Starting 11), were good and pushed the opposition, Alexis Sanchez didn't play well at all, he gave the ball away too much when we didn't need it and when we needed to pass he didn't pass much. Our squad gave the ball away too much and we weren't compact at all."

Overall the Match was disappointing for a 'United fan but amazing for a Sevilla fan as they are now moving on to their next stage if the Champions League. They done exceedingly well to beat Manchester United. Jose Mourinho wasn't pleased but he said, "It's not the end of the world." Everyone hopes that 'United will still have a good future and will progress as they usually do.
