September 2013

Dear Parents/Carers

## Re: Key Stage 3 Design Technology

During each school year, students will rotate around three different Design Technology disciplines (Textiles, Catering and Resistant Materials/Graphic Products) producing a variety of high quality products from materials provided by the school.

Whilst we obviously do what we can to provide your children with valuable experience on the budget allocated to us, we would be most grateful if students could make a contribution towards the cost of materials. This will help students to make quality products to bring home.

- Year 7 - £3
- Year 8 - £3
- Year 9 - £3

Payment should be made via the sQuid system. If you have any queries regarding this please contact the academy finance office.

Thank you in advance for your continued support.

Yours sincerely

P Tanton  
Head of ICT/Technology Faculty
