

14 December 2020

Dear Parent/Carer

We have been advised by Public Health England that there has been a confirmed case of COVID-19 within the school.

The case involves a Year 8 student and as a precautionary measure we are asking the whole year group to remain at home until the end of term. A specific identified group of close contacts will be identified by the end of the day. They will be informed separately and be asked to self-isolate until Saturday 19 December. All the students will return to school on Tuesday 5 January. The students will have their normal timetable delivered via remote learning.

Please see the link to: Guidance for contacts of people with confirmed coronavirus (COVID-19) infection who do not live with the person

What to do if your child develops symptoms of COVID 19

If your child develops symptoms of COVID-19, they should remain at home for at least 10 days from the date when their symptoms appeared. Anyone with symptoms will be eligible for testing and this can be arranged via <https://www.nhs.uk/ask-for-a-coronavirus-test> or by calling 119 .

All other household members who remain well must stay at home and not leave the house for 14 days. This includes anyone in your 'Support Bubble'.

The 14-day period starts from the day when the first person in the house became ill.

Household members should not go to work, school or public areas and exercise should be taken within the home. If you require help with buying groceries, other shopping or picking up medication, or walking a dog, you should ask friends or family. Alternatively, you can order your shopping online and medication by phone or online.

Household members staying at home for 14 days will greatly reduce the overall amount of infection the household could pass on to others in the community

If you are able, move any vulnerable individuals (such as the elderly and those with underlying health conditions) out of your home, to stay with friends or family for the duration of the home isolation period.

Symptoms of COVID 19

The most common symptoms of coronavirus (COVID-19) are recent onset of:

- new continuous cough and/or
- high temperature and/or

- a loss of, or change in, normal sense of taste or smell (anosmia)

For most people, coronavirus (COVID-19) will be a mild illness.

If your child does develop symptoms, you can seek advice from the nhs.uk website at <https://www.nhs.uk/conditions/coronavirus-covid-19/check-if-you-have-coronavirus-symptoms/>. If you are concerned about your child's symptoms, or they are worsening you can seek advice from NHS 111 at <https://111.nhs.uk/> or by phoning 111.

How to stop COVID-19 spreading

There are things you can do to help reduce the risk of you and anyone you live with getting ill with COVID-19

Do

- wash your hands with soap and water often – do this for at least 20 seconds
- use hand sanitiser gel if soap and water are not available
- wash your hands as soon as you get home
- cover your mouth and nose with a tissue or your sleeve (not your hands) when you cough or sneeze
- put used tissues in the bin immediately and wash your hands afterwards

Remote Learning

Students who are self-isolating will be set work on Teams by their class teachers from Tuesday 10 November. If there is any problem accessing Teams, please contact office@ramseyacademy.com

Informing the school about a positive Covid-19 test

During the week either telephone the school or send an email to the Main Office (office@ramseyacademy.com).

During out of school hours including the weekend send an email to the Main Office, but also include Mr James (rjames@ramseyacademy.com) and Mr Leys (cleys@ramseyacademy.com). One of us will contact you as soon as possible to discuss the specific details.

Yours faithfully

R James
